(1) THE

ENVIRONMENTAL HAZARDS
This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

NOTE TO PHYSICIAN
This product is a pyrethroid. If large amounts have been ingested, milk, cream or other digestible fats and oils may increase absorption and so should be avoided.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For Medical Emergencies Only, Call (877) 325-1840. For Chemical Spill, Leak, Fire, or Exposure, Call CHEMTREC (800) 424-9300.

FIRST AID

IF ON SKIN	• Take off contaminated clothing.
OR CLOTHING	• Rinse skin immediately with plenty of water for 15 to 20 minutes.
IF IN EYES	• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE
This product is designed for use as a ready-to-use granular insecticide to control various insects and spiders on lawns, home perimeters, ornamental & flower gardens. See specific pests for precise level, irrigating or watering by 0.1 to 0.5 inches. Use carefully and apply before applying the product.
In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).
In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weeks after the first application.
Do not allow children or pets to enter the area until dry.
Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of runoff.
Do not make applications during rain.
FOR FIRE ANT MOUNDS
To control Fire Ants, uniformly apply 1 tablespoon or 3 teaspoons* of this product to the surface of each mound. For best results, (1) apply in cool weather, 55 to 80° F, or in early morning or late evening hours. (2) avoid disturbing ants. (3) treat new mounds as they appear and (4) thoroughly water the treated area immediately after application.
*Food items such as tablespoons/teaspoons must not be used for food purposes after use in measuring pesticide.

LAWN, HOME PERIMETER, ORNAMENTAL & FLOWER GARDENS
Surfactant-Feeding Insects
Use this product for the control of ants, including Carpenter, Red Harvesters, Odorous Pyramid, Pharaoh (Sugar) and Fire Ants*, Armyworms (including Fall Armyworms), Billbug (including Bluegrass Billbug), Chigger, Chinch Bug, Crickets, Curculionids (including Black Cutworms), Earwigs, Grasshoppers, Sod Webworms (Lawn Moth), and Weevils (including Hypodermis and Blugrass). Uniformly apply 1.2 to 2.4 pounds over a 1,000 square feet area by using hand- or power-operated granular spreader designed for the application of granular materials. Treat when insects first appear and retreat as necessary. Repeat application is necessary only if there are signs of renewed insect activity.
Aids in control
Repeat application must be limited to no more than once per seven days.
Argentine Ants, Black Turf Ants, Black Turfgrass Aeneus, Fleas (Including Cat Fleas), Leafhoppers, Spiders (Including Brown Recluse Spiders) and Ticks (Including Brown Dog Ticks) Uniformly apply 2.4 pounds over a 1,000 sq. ft. area. Best results are obtained if the treated area is thoroughly watered immediately after application.
Ornamental Flower Beds (Outdoors)
Flea Control: Ants, crickets, earwigs, grasshoppers, spiders and ticks.
How to Apply: Apply 1.2 lb. of product for every 500 sq. ft. area. Repeat application as necessary only if there are signs of renewed insect activity. Repeat application must be limited to no more than once per seven days.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
Pesticide containers: Store in original container. Store in a cool, dry place and avoid excess heat. Carefully open containers when ready to use and always reseal tightly immediately following use to prevent spillage or contamination.
PESTICIDE CONTAINER DISPOSAL: If empty, nonhazardous container, do not reuse or refill this container. Place in trash or offer for recycling if available. **Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

For Medical Emergencies Only, Call (877) 325-1840.
For Chemical Spill, Leak, Fire, or Exposure, Call CHEMTREC (800) 424-9300.
